Dear members of Effat Family

As the academic year comes to a close, I want to take this opportunity to present my sincere thanks and appreciation to each and every one for the great work and genuine commitment to our students and our mission. In my welcoming words in the beginning of this academic year, I shared with you our goals and aspirations.

Believe me, we achieved most of these goals.

It's been an exciting Year for all of us.....Together, we all moved our great Effat University forward. The 2016 has been a year of high

achievements for our faculty, our students and our staff. The efforts of all, being faculty and staff, saw us win prizes and recognition at national and international communities.

With the effort of our researchers we managed to establish research centers, collaborate with researchers, gain national and international grants, participate in conferences, hold conferences and published great and quality research culminated into three registered patents.

Our students took their talents on the road when they participated at Gulf Robotics competition, International and national Film festivals and research challenges and we saw our students shine as a result.

Our senior administration teams, committees and all staff member helped us achieve NCAAA, the national Awards

Although our students intake was very small this year comparing to the last two years, our faculty continued to share their knowledge and wisdoms with our students listening to all of them

Today we also bid farewell to wonderful faculties and staff moving to other career and other countries. It is a very hard for us to say goodbye to them. They have been instrumental in achieving Effat mission and vision. They served Effat for a long time and has never let us down. They have always been extremely professional, hard-working and a team player. They have been brilliant mind and always brought creative new ideas to Effat Family. I know that whatever the future holds, they will excel and continue to be successful. We will miss them all but this isn't goodbye as we know they will keep in touch and hope to see them as

part of Effat future activities. I present my sincere thanks and appreciation to all of them for everything they have given to the University and wish them a bright and happy future.

Thank you for all you do for the University, for Effat Ambassadors, and for Effat Legacy and mission. Have a wonderful and productive summer and as the auspicious month of Ramadan starts May the divine blessings of Allah protect and guide you with peace and grace. Wishing you a

Happy Ramadan!

God bless you
